1. Payment must be paid before card submission will be sent for grading.
2. All turnaround times are estimates and do not include weekends, holidays, or the time spent shipping to and from the grading company.
3. We do not guarantee any numerical grade or authenticity. We serve as a middleman between the customer and the grading service. We are not the one's assigning grades. Grading is subjective and opinions will vary from person to person.
4. There are no refunds for cards that are deemed to be counterfeit, trimmed, or altered in anyway. We are still charged a fee by the grading company for their opinion.
5. PSA only insures cards up to the max declared value for the service level that you submitted under. In the rare instance that the grading company damages one of your cards while it is in their possession they will refund the declared value and the grading fee. The declared value cannot exceed the maximum value for that specific service level.
6. We do not currently offer autograph grading or authentication. We do not receive enough interest in these service levels to be able to offer them.
